Brigadier General William L. Doyle, Jr., USAF  
Deputy Chief of Staff for Intelligence  
Headquarters, Strategic Air Command  
Offutt AFB, Nebraska 68113

Dear General Doyle:

On behalf of the COMIREX, I offer thanks and appreciation for the orientation program and hospitality accorded the Committee during our trip there on 14 and 15 November 1983.

The briefings and tours of the various elements of Headquarters SAC Intelligence were very informative of the SAC mission with a focus on the role of imagery today, and the challenges and resource impacts on future operations. The knowledge gained will be very useful to us in our ongoing deliberations on the most effective use of national imagery systems in support of the operational commander.

Please convey our appreciation to General Davis for hosting the Committee and to all the fine officers and airmen who provided professional presentations and support to our visit.

In particular, we all join in special commendation for the services of Major Richard "Dick" Pruitt who did an outstanding job as project officer in keeping our group organized and on schedule. He did well!

Sincerely,

[Signature Box]

Chairman
